

I am writing to you in reference to the future of a radio station which I listen to regularly, K-LOVE 94.3 fm. This station is one of the few Christian radio stations that I receive here in Montgomery, Illinois. I listen to it daily and receive much needed encouragement from their programming. They also touch many people's lives with their message in my community and I DO NOT think that it would be appropriate or right to displace their signal with an LPFM broadcaster providing other programming. There are plenty of radio stations offering mainstream programming and very few who offer family-friendly programming suitable for myself and my young daughter to listen to without fear of hearing unsuitable or obscene content. If they were displaced by another station I think that it would have a negative impact on my life and the lives of others in my listening area who count on K-LOVE to provide us with wholesome, God-inspired, and uplifting music and messages. I would appreciate your protection and preservation over this service that I value. Thanks alot, Zereta Sucharski 630-801-0598
